6:30pm est - 6:45pm est - Hello

6:35pm est - 6:55pm est - Practice scripting and transitions/ slides

- All suggestions - go in comments while editing so that we can test everything. This gives us the opportunity to try to test run multiple times in a session, and highlight kinks in our arguments or content on the slides.
- All questions - write them down and hold until the end of each presentation so that we can work on our parts in between turns too.

I don't know if that explanation makes sense. I'm not good at explaining myself.

The idea is to go from very rough draft to identifying leaks to suggestion and edit and right back into presenting/perfecting.

- VERY ROUGH DRAFT TIMED Practice lol so that way we know how long we're taking and can try to narrow it if possible.

830pm est/Whenever we Wrap up
